Redding Firm Low Bidder For First Summit Road Job

Bid Of $7,423,104 Given As First Phase Of Work to Start

The state division of highways yesterday opened bids for the seven-mile, first phase of construction on a total 10.5-mile four-lane divided freeway on U. S. 40 over famous Donner Summit.

J. W. Briggs & J. N. Conley of Redding was the lowest of eight bidders with an offer of $7,423,104, according to highway officials at the Marysville district office.

The contract calls for the heavy grading necessary in the rocky high Sierra, as well as construction of the Donner Lake undercrossing which will provide traffic access from the freeway to the growing west of Donner Lake area.

On an entirely new route north of the existing highway, which skirts the north shore of the lake and follows a circuitous path up the summit, the section covered in today's bidding will extend from the completed freeway near the east end of Donner Lake, about two miles west of Truckee, to West Lakes, about two miles north of the existing 7,135-foot summit crossing.

When completed, the overall project will close the gap in the Interstate 80 freeway between Soda Springs and Donner Lake. Grading and structures on the remaining 3.5 miles will be advertised for bids possibly in 1961, and the total 10.5 miles will be surfaced thereafter.

At its western terminus the giant project will connect with the six-mile freeway between Hampshire Rocks and Soda Springs completed last year.

Although the new summit highway will be 100 feet higher in elevation (7,239) than the present road, its location permits an alignment with gentle curves, easier snow removal, and will avoid the high-velocity winds often encountered on the existing route.

Work on the contract will begin within three weeks after approval by the state attorney general, and will require two construction seasons to complete. Traffic will not be affected on the present highway.

Zeph Rose Heads Local Lions Club

Zeph Rose will be installed as president of the Truckee Lions Club at a ceremony to be held at Smart's Saturday evening, June 25 at 8 p. m. It will be a ladies night and all members are urged to attend with their wives.

A pre-meeting will be held at 7 o'clock at the Tony St. Claire's at the west end of Donner Lake where the hosts will be St. Claire and Jay Richards.

Other officers to be installed for the 1960-61 term are Lee Apple, first vice; Sherman Reams, second vice; Chuck Baker, third vice; Henry Tapia, tail twister; Jack Houlgate, Lion tamer; Robert Seibold, secretary; Lee Apple, treasurer; Ben King, Frank Fox, A. M. Anderson and Norman Mayfield, directors.

The installing officer will be Deputy District Governor J. M. Moore of Sparks.

POST OFFICE VANDALS GET OFFICIAL NOTICE

Unless vandals cease destroying property in the Truckee post office, it may be necessary to close the office early in the evenings when the employes leave for home.

Deputy Sheriff Emery Lander said every effort has been made to apprehend the culprits without avail and that leaves only one course to take—to close the office.

Parents are warned that the vandalism in the post office is a federal offense and are asked to pass the warning on to their children. Lander said there is no doubt the destruction of property is the work of youngsters, who do not realize the seriousness of their acts.

FOUR FROM TRUCKEE RAINBOW HONORED

Four members of the Order of Rainbow for Girls, Hope Assembly No. 18 were honored at the grand assembly of Nevada held at Reno June 11-13 by being chosen for grand offices.

Miss Diane McGihon received the office of Grand Charity, Miss Ellen Rich was chosen for the office of Grand Outer Observer, Miss Kaytie Corbin became Grand Representative to the State of Arizona and Miss Varien Frey became Grand Representative to the State of Maryland.

Truckee Phones In 60th Year Service, After Rough Start

Thunderstorms, falling trees, heavy snows, rugged terrain and fire write much of Truckee's rugged, 60-year telephone history.

It was 60 years ago this month, June 18,1900, that the old Sunset Telephone and Telegraph Company, predecessor of Pacific Telephone, established the community's first exchange.

Truckee now is recognized as an important link in the Bell System's east-west transcontinental cable network. It figured prominently in communications stemming from the recent Winter Olympics.

It took rugged men, often on skis, to maintain service in the early days. Disorders were frequent during the winter months because of thunder and snow storms, avalanches and falling trees.

The quality of phone wire then being poor, heavy snow often would accumulate and force lines to collapse because of sheer weight, according to L. R. deGallery, Pacific Telephone manager.

A mass of flame from a fire which razed neighboring buildings in 1922 also posed a threat to the transcontinental service. Crews

Seniors Lead Local School Honor Roll

Thirteen seniors, 11 juniors, 10 freshmen and eight sophomores made the honor roll at the Tahoe Truckee High School during the last semester, Principal C. W. Sciutto reported.

The seniors in the top list are Carol Bailey, Doug Ball, Judy Beck, Lydia Craig, Judy Fanger, Margaret Hubbard, Larry Jellin, Linda Morrell, Janay Pelletier, Larry Rolison, Diane Speeter, Sherry Thatcher and Joan Uhlott.

The top juniors are Moira Burke, Linda Davis, Varien Frey, Kathy Gerlitz, Trent Giannini John Olinghouse, Joann Pomin, Tim Risden, Gary Sciutto, Wanda Shirley and Gary Snyder.

The honor roll sophomores are Stephania Cozzi, Charles Glenn, Carol Hampton, John Holley, Marcia Keeler, Frances McGwinn, Wayne Poulsen and Evelyn Raikes.

Honor roll freshmen are Craig Beck, Albert Eberhart, Kris Felte, James Grady, Robert Hobbs, Joe Parkhurst, Dusty Rhoades, Janice Roth, Pat Saarni and Dennis Whiteneck.

COUNTY TREASURERS MEETING AT TAHOE

County treasurers and officials from throughout the state were scheduled to attend the 33rd annual state association of county treasurers convention which began Wednesday in the Tahoe Tavern at Tahoe City.

The three-day convention is sponsored by Placer County, and arranged by Earl Corin, treasurer. He said the group is scheduled to tour the Lake Tahoe area, including Squaw Valley, during the convention.

State Treasurer Bert Betts and Tom Doyle, chairman of the Placer County board of supervisors, opened the meeting, and Robert R. Gros, vice president of the Pacific Gas & Electric Company, will give the closing talk at 10:30 a. m. on Friday.

BUILDING PERMITS IN THIS AREA REQUIRED

Richard Walker, area sanitarian, who is also authorized to issue building permits, reports that violations ofthe county's building ordinance are continuing, despite repeated warnings.

Walker pointed out that building permits are obtainable at his office and asks that those contemplating making repairs, alterations or building new structures to contact him.

KINGS BEACH WINS IN LITTLE LEAGUE GAME

In the first game in the Tahoe Truckee Little League Tuesday, the Kings Beach Giants defeated the Truckee Lions by a score of 18 to 12.

Truckee will play Tahoe City this afternoon and the Lions will play their first home game Tuesday, June 28 and again on June 30 at the high school field.

Mail Deliveries In Local Post Office Under New Timing

Mail Arrives Twice Daily; Speed Is Object Of New System

A program designed to speed mail deliveries to and from the Truckee post office has been put into effect by Richard Higgins, who Saturday will be in charge of the local office. The changes were authorized by the post office department and are currently being worked out.

Higgins this week announced the complete schedule of services. The windows are open between 8:30 a. m. and 5 p. m. daily, except Saturday when the office closes at noon. No window service is available Sundays and holidays.

Mail is received twice daily from both east and west. The east bound first class and parcel post mail arrives by truck at 5:05 a. m. while a second bus, with first class mail only arrives between 11 a. m. and noon and is put in boxes prior to 1 p. m.

Mail arrives from the east by train at 3:56 a. m. and is all first class, while the west bound parcel post comes by truck at 10 p. m.

West and south bound mail is dispatched at 7:10 p. m., for first class bay area and south and the parcel post leaves here by truck at 7:55 and 10 p. m.

East bound first class mail leaves the Truckee office at 9:11 p. m. and parcel post at 4:10 a. m.

Lake Tahoe mail is received at 7:30 a. m. and is dispatched at 5:30 p. m. daily.

Mail will be dispatched if mailed at the Truckee post office before 5:30 p. m. and later mail may be deposited in a letter drop box just outside the office until 7:55 p. m. for dispatch the same day, Higgins explained.

TWO STUDENTS FROM HIGH ARE HONORED

Two students from the Tahoe Truckee High School have been chosen to participate in the special summer session for high school students being offered at the University of California at Santa Barbara from June 20 to July 29.

They are Garfield Merner Sciutto of Truckee and John E. Olinghouse of Kings Beach.

Both recently completed their junior year at the local high school and superior academic records in college preparatory courses have made them eligible to take a full program of lower division college courses this summer at the Santa Barbara seashore campus of the university.

Courses which are completed with satisfactory grades may later be substituted for credit evaluation at the college of their choice.

DR. WISER IS NAMED TO HEALTH BOARD

The Nevada County Board of Supervisors last week appointed Dr. Ray H. Wiser, M. D. as the new assistant county health officer for the eastern section of the county.

Dr. Wiser replaces Dr. L. D. Nelson, M. D. who is leaving to return to medical school at San Francisco.

The new assistant health officer has taken over Dr. Nelson's practice and maintains his offices at the Gateway Shopping Center where he will be available for public health problems.

RELATIVE OF LOCAL WOMAN PUBLICIZED

A Berkeley newspaper recently published a feature article on the life of James Harris, 90 year old uncle of Mrs. Charles Heller.

Mr. Harris is active in and out of his home, which is a show place in the bay city because of the colorful variety of flowers on the grounds, his life-long interest. He is the father of five children who live with their families in the area but through choice he maintains his residence, visiting them frequently.

PAINT UP

Fontana's Laundry, owned by Mr. and Mrs. Nat Quilici is receiving this week an exterior coat of paint, adding to the appearance of the local industry.

SUNBEAMS

By WALTER M. BARRETT

Despite repeated warnings, careless motorists continue to toss lighted cigarettes from cars onto the sides of the highways, a practice which might well lead to a very serious forest fire. Most drivers do not seem to realize the potential danger and speed happily and blissfully along the road while in their wake the makings of a major conflagration may be on its way. Usually by the time such a fire gains headway, the driver is far removed from the scene and unconscious of the fact that he was the cuplrit who caused it. Officers do their best to apprehend such people but it's hard to follow every car. However, when one is caught, he should be given the same punishment as the man who deliberately sets a fire in the forest, as one is just as guilty as the other. This punishment should by no means be light. Of the half dozen or so fires reported thus far during the dry season in the Truckee district of the Tahoe National Forest, all have been laid to careless smokers—a score which should cause us to stop and think. Carelessenss with fire in the woods at this season of the year should be an unforgivable sin.

Absentee Ballots Make No Changes

Complete and final election returns announced by John Trauner, Nevada County clerk, upon completion of the counting of absentee ballots last week, show Nevada County voted 70 per cent of its registration in the June 7 primary.

Trauner pointed out that this is a much higher percentage than was recorded in the state and represents a good turnout.

The final count showed no material change in the unofficial results announced immediately after the election.

In the Truckee district voting for supervisor for the fitfh district showed the incumbent, H. G. Loehr, polled 422 votes; Cecil Edmunds, 91 and Sherman Reams 91. N. F. Dolley, unopposed incumbent constable received 476 votes and write-in Edward Frates 35.

All county officials on the ballot were elected with the exception of Mosco Smart, incumbent supervisor in the first district. He received 644 votes and will face a runoff with Gene Ricker who received 936 votes. As Walter Butz picked up 391 votes, there was no majority.

In the second supervisorial district, W. W. Bishop had 2,695 to Brust's 1,350.

SMORGASBORD WILL BE HELD ON JULY 3

KINGS BEACH — The annual smorgasbord for the Kings Beach and north Tahoe community will be held at the Methodist Church, Kings Beach, on Sunday, July 3, from 4 to 8 p. m.

The event, always a wonderful family and community get-together in past years, is held for church beneift. Any and all people in the north Tahoe area, including vaaction visitors and Truckee residents, are welcome. The smorgasbord offers a fine chance to meet community neighbors.

Adults will be $1.50 per plate, children, 75 cents. Tickets are on sale with church members, but you don't need a ticket come .

Come as you are. Informal, swim suits, crew cuts, tuxedos, ski pants and pony tails. But come.

ELKS BARBECUE TO BE HELD ON SUNDAY

A good time is expected by all members of the B. P. O. E. Lodge No. 2140 and their guests who will attend the second annual chicken barbecue to be held Sunday, June 26 at the Elks clubhouse at Kings Beach, according to Publicity Chairman Tony Donadio.

Orval Ingram will be in charge of the baseball game, Herbert Neidig is arranging for the food on the occasion and Dwight Roberts is in charge of the tickets.

Tax Increase Seen As Board Studies Budget For County

16 Cent Advance In Basic Rate Will Bring Tax To $2.05 Mark

A tax increase of 16 cents per $100 of assessed valuation is in prospect for Nevada County under the 1960-61 budget of $3,213,632.98 adopted by the board of supervisors Thursday.

The increase will bring the basic county rate to $2.05.

This budget and tax rate is predicated on an increase of five per cent in the assessed valuation of the county as estimated by County Assessor Charles R. Kitts. Should the assessed valuation top the expected five per cent, the tax would decrease in proportion.

Public hearings on the budget will be held July 5, 11 and 18, the dates corresponding with the time the board of supervisors will be sitting as a board of equalization.

Usually the hearing has been held on an early date in August but the earlier and multiple dates will permit the supervisors to hear persons on the budget and spread out the working time over three adjourned meetings rather than the one-time concentration.

The basic tax rate has nothing to do with the special district taxes, such as schools, hospitals, fire and sanitation, which will be added to the basic rate.

Parking Lot May Be Closed In July

Unless action is taken in the immediate future, the merchant-sponsored parking lot, located where the Southern Pacific Hotel was formerly, will be closed.

N. F. Dolley, who last year as president of the Truckee Donner Chamber of Commerce, was in charge of arranging for the lot, reported to the chamber yesterday that the funds collected last year are depleted and that after July 1, the lot will be closed unless arrangements are made to pay the rent and other charges.

Last year, merchants along the main street paid $25 each for use of the lot and this included considerable expense of preparation, Dolley explained. He said that the same service could probably be continued this summer at a cost of $15 to each of the subscribing merchants.

That the lot is needed is seen in the congested parking along the street almost constantly at the present time, Dolley pointed out.

FIRE STARTERS ARE FINED IN COURT HERE

Masakazu Konishi, Edwin O'Neil Willis and Ned Johnson, all University of California graduate students plead guilty to Judge F. W. Wilson's court on charges of having an unsafe fire on U. S. Forest Service lands. Each paid a fine of $10, Ranger Roy Saarni reported.

These men were camped in a dry camp, in a very hazardous area. Their camp fire and Coleman gas stove both had improper cleared areas around them. A minimum distance of five feet is required to be cleared around a fire or stove, Saarni said.

All residents, campers, fishermen and woodsworkers are urged to be careful with fire and crush their smokes, he concluded.

KATHRYN BARRETT IS HONORED FOR STUDY

Kathryn Barrett, daughter of Mr. and Mrs. Douglas Barrett of Sacramento received the girls American Legion scholastic medal at a June school assembly in a class of 350, in recognition of her straight A average over a period of three years.

Beside the award, the former local girl has her name inscribed on a permanent plaque in the valley school.

QUILTING BEE WILL BE SPONSORED BY GUILD

Members of the Assumption Guild will hold an old fashioned quilting bee in July in preparation for the filling of a cedar chest they plan to give away in August.

The chest will be displayed prior to August 14, it was decided at the June meeting of the guild.

New Designation Is For Road To Lake Asked In Petition

A petition, containing some 200 names, has been presented to the board of supervisors by the Truckee Donner Chamber of Commerce asking that the name of Emigrant Way be changed to Truckee Donner Boulevard.

Zeph Rose was chairman of the committee in charge of the name change and presented the petition to Supervisor H. G. Loehr at yesterday's meeting of the Truckee Donner Chamber of Commerce. He promised early action on the request.

Emigrant Way was the name established for old Highway 40 between Truckee and Donner when the state division of highway requested a designation for signing the route. The new name, chamber officials pointed out, is more indicative of the area.

In other action at yesterday's chamber meeting, Richard Higgins, in charge of the Truckee post office, explained the new metro system of mail dispatch designed to speed up deliveries to and from Truckee.

Jack Stowe, in charge of Donner Memorial State Park was another speaker at the meeting which was presided over by Ivan Tofft, vice president.

Donner Firemen Will Reorganize

By VIRGINIA O'BEAR

Firemen of the Donner Lake Volunteer Fire Department will meet this Thursday evening at the Bird & Bottle for a steak dinner served with the compliments of the department's board of directors. Special letters were received by all of the firemen this week from the president, Dr. Robert Affeldt.

This meeting is of importance and all members are invited to participate in reorganizing the fire department. Many new members now belong to the department as some of the older ones have moved away or dropped out for various reasons and a get acquainted theme will no doubt be pleasing to the firemen. Besides the reorganizing of the department, a report will be given concerning the Donner Lake Regatta.

This is the third year the firemen of Donner Lake have sponsored the successful and thrilling boat races. This year the regatta promises to be more exciting as the regional championships are being held for the second time in eleven years. Championship racers participate in this special race and will be exciting as they compete for the special regional trophies.

There will be eleven classes of championship racing which will start at 10 a. m. on July 10, at the west end of Donner Lake. The races are conducted by the Northern California Outboard Association and sanctioned by the American Power Boat Association. Officials will be chairman, F. Signorello,; referee, Chuck Parsons; pit manager, Ernie Mello; scorer, V. Bartolomei; timer, Faye Berman; measurer, Cal Coltrin and announcer, Jim Scott.

ROBERT TRASK ON SIERRA HONOR ROLL

Robert Trask of Truckee is listed on the president's honor roll for scholarship at Sierra College, registrar James E. McClusky said this week.

From the Tahoe area, are three students, Milton Cooper of Squaw Valley, James Pugh, Tahoe City and John Wray, Tahoe City.

The complete list contains 59 names, including nine from western Nevada County, headed by Robert Johnson of Cedar Ridge, who topped the entire college for the semester with a record of straight A grades.

BLAZING TRUCK GETS OUT TAHOE FIREMEN

TAHOE CITY—Tahoe City Volunteer Fire Department was called out June 15 when a water truck on Dollar Hill subdivision caught fire and was destroyed. Origin of fire was unknown and no other damage occurred, due to the quick action of Fire Chief Al Henry and his volunteer firemen. On the spot pictures were taken by Gary Henry.

William Englehart Expires; Services Conducted Today

Prominent Civic Leader Of Community Dies At Home Here

Funeral services for one of Truckee's best known pioneers will be held under the direction of Truckee Lodge No. 162, F. & A. Masons this afternoon at 2 p. m. at the Church of the Mountains when scores of close friends will pay their last respects to William Monroe Englehart.

The deceased, who would have been 75 years of age on July 14, had not been in good health since an attack of pneumonia two years ago, but was able to be about his home and apparently was recovering from a more recent attack of asthma.

He was watching television in his home at 10:45 Monday evening when the end came suddenly as a shock to his family and friends.

Englehart was a native of Butte, Montana, born July 14, 1885. He came to Truckee with his parents in 1892 and with the exception of two years during which he managed a theater in Watsonville, had made this his home.

On December 4, 1907, he was married to his surviving wife, Stel Franzini, a member of a pioneer Truckee family. They had one son, William M., Jr., who also survives and resides in Truckee, recently having taken over his father's bottling business. There are three grandchildren, Merrill and Gail of Truckee and Mrs. Irene Hamlin of Arcadia. Cindy Hamlin is a great granddaughter.

The deceased operated a theater in Truckee for many years before engaging in the bottling business and in his earlier days was in the grocery business.

He was active in the Masonic Lodge and was past president and for many years, secretary of the Truckee Lions Club. He was past chancellor commander of the Knights of Pythias and a member of the Elks Lodge.

Following the rites, interment will be in the Truckee cemetery. Truckee Colonial Mortuary is in charge of arrangements.

The entire community will miss Bill Englehart and will join in extending sincere sympathy to his family.

GROUP RETURNS AS SIERRA OUTING ENDS

Eighteen young people returned Tuesday afternoon from the Sierra Baptist Camp which started last Friday. The Truckee Bible Church sponsored this fellowship which was enjoyed by Sherry Borden, Mike Borden, Skip Jensen, Monte Straub, Randy Russell, Cathy Chastain, Mike Miller, Randy Miller, John French, Mary Lou Randall, Julie Knoff, Ann Morey, Gail Englehart, Gail Shackleford, Shirley Davis, Lorraine Davis, Connie Rhoades and Claudia Rhoades.

Two could not attend because of minor illness. They were Linda Russell and David Hughes. The children were kept busy with swimming, hiking and all types of organized games. Outstanding missionary speakers were present to offer Christian teaching.

ANTLERLESS HUNT TO BE SUBJECT OF MEETS

Two public hearings will be held by the California Fish and Game Commission in Nevada and Placer Counties for the purpose of adopting regulations for the establishment of an antlerless deer hunt in the two counties, George Wurst of the department announced this week.

The first meeting will be held in the court house at Auburn at 3 p. m. on June 25.

The second will be at Nevada City elementary school at 8 p. m. on the same day, June 25, Wurst announced.

The public is invited to attend the meetings and make known their desires in the controversial matter.

CAPITAL RED CROSS SPONSORING SHOW

The Volunteer Workers of the Sacramento Chapter of the American Red Cross will sponsor a production of the Song of Norway, starring Blanche Thebom, at the Music Circus on June 29. Proceeds are for the needs of the various volunteer services of the Red Cross in this area.

The group has made a substantial contribution to the fund for Chilean earthquake relief.

Tickets are available at the Red Cross chapter house, the Music Circus box office and from all Red Cross volunteers.

DAUGHTER BORN

Terry Denise Lane, weighing 6 pounds, 10 ounces, arrived June 17 at 5:05 a. m. at the Tahoe Forest Hospital. She is the daughter of Mr. and Mrs. Ronald K. Lane of Hobart Mills.

Student Home—

Miss Rosalee Frates who is a student at Sierra College is a summer employe at Smart's.

The Tahoe Truckee High School Commencement Exercises played to packed house of proud parents and pleased friends on June 9. All the graduates were handsome and beautiful but our favorite, because we've known her and her family for some time, was Judy Fanger of Tahoma who looked lovely in the dress she made. Judy was one of the standout graduates, receiving a Bank of America Certificate in Liberal Arts, a Tahoe Truckee Education Association Scholarship, and a money gift from the school for her bookkeeping services. A lovely girl and a credit to her family, school and community.

Mrs. Sue Jackson of Auburn has opened Jackson's Cottages at Tahoma. After one day alone she is already missing her family. However, Welcome and Suzanne will join her this weekend and Wayne will commute on weekends.

Marge Zeibig of the Chicken House restaurant gave us a quick preview of her installation dress for the Emblem Club. It was frilly, feminine and lovely. We felt like a clodhopper in our casual sportswear and coveted the cinderella slippers of sheer plastic encased with rhinestones.

John Drum's big old boat, the Pirate, made its first annual appearance on the lake with a cargo of guests.

The Ed Iversons of Skyland are happy to be back at Tahoe after several months in Los Angeles.

Fred Cunningham's Lakewood Lodge, restaurant and cocktail bar are open for the season.

Ernest Pomin enjoyed a weekend visit from his grandson Dick and family.

We are chagrined at the caution demanded of long-time, fire conscious residents here for trash burning, etc., when people who paid a few dollars down on a lot simply appear, build huge bonfires on land that hasn't been cleared and have little if any equipment for fire protection. The fire service assures us these people have camp fire permits— but we wonder why this permits such a high hazard to residents who stand to lose much more than a burned over vacant lot. In one particular case, a fire blazed 10 feet high in a residential area from 8 to 10 p.m. Residents here are permitted to burn only from 5 to 9 a. m. Something wrong somewhere. With all the expensive TV and color advertising by the U. S. Forest Service to prevent fire, this seems like waiting until the horse is stolen before repairing the barn door—in the fifth year of drouth and high fire hazard.

DONNER SUMMIT NEWS

By LLOYD W. GAY

This is the first Donner Summit News column by this reporter, and I hope that the area news will continue to be as well received as that in the past. I am sure that everyone will join me in wishing Miss Donna Power the utmost success in her new position with the U. S. Air Force school system in Japan.

FREEWAY CONSTRUCTION

Contractors have been inspecting the freeway location over the summit area during this past week in preparation for the opening of bids by the State Highway Department on June 22. A contract will be let soon after that date for roadbed construction to begin on the stretch from Donner Lake to the West Lakes area east of Castle Creek.

FIRE DANGER

The fire crew at the Big Bend Ranger Station responded to a blaze on the Truckee District last week. The Big Bend Ranger District has been fortunate with no fires reported to date, although the fire danger ratings have reached unusually high values for so early in the season. Due to the low snowfall during the winter, it will require the utmost care and vigilance to prevent disastrous fires in the westside forests during the coming summer. Prevent forest fires.

HEART ATTACK

While visiting with his nephew Bill Cole, who is foreman at the Snow Lab, Cecil Wagoner of Sacramento suffered a heart attack and was rushed to the Tahoe Forest Hospital on June 15, where he is progressing satisfactorily. He will soon be transferred to a Veterans Hospital in San Francisco.

NATURE STUDY PROGRAM

The annual nature study program of the Audubon Society began June 19 at the Sugar Bowl with registration of forty-eight students from eleven states. Students came from as far as Michigan and Georgia to attend the two-week sessions presented in the outdoor laboratories of the Central Sierra. The seven man faculty of noted natural science professors, under the general direction of Camp Director Bill Goodall of the National Audubon Society, will present both lectures and field observations of the inter-dependence of living plants and animals. There will be five of the sessions during the summer, for which college credit may be granted by the University of Nevada, or Sacramento State College.

RADIOACTIVE TRACERS

As part of the water research program at the Central Sierra Snow Laboratory, Al West made several trips last week to the Challenge Experimental Forest north of Nevada City to study methods of using radioactive isotopes to trace the consumptive use of water by forest trees.

SIERRA CLUB

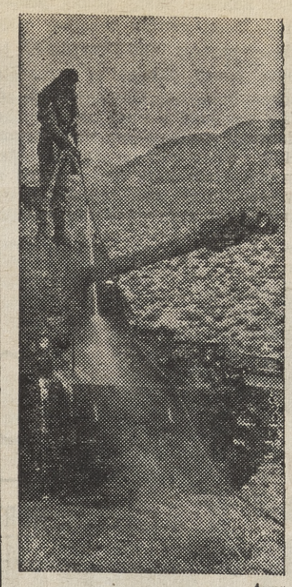
The Sierra Club's Clair Tappan Lodge at Norden, largest of the many club-owned lodges throughout the state, will be under the direction of Jim Clifford for the summer. Manager Keith Lumis will be spending the summer on vacation with his family in the bay area. Jim Clifford, a long-time Sierra Club member who has served many years on the Clair Tappan Lodge committee, recently retired from the County of Alameda and will be making his home here with his wife, Virginia, and six year old son, Jimmy. They plan to build in the Pla-Vada Estates.

AREA NAME

A committee was appointed at the last Community Club meeting to consider possible names for the future freeway interchange leading to the Soda Springs and summit area. The committee, headed by Bill Cannon, Max Williamson and Betty Aro, is seeking suggestions for a carefully selected area name will certainly enhance the future of the summit.

FISHING IMPROVES

Area anglers welcome the improved fishing conditions in the streams and lakes as the snowmelt continues. Roads through the region are opening up, although boggy spots are common. Fishermen have reported success in the West Lakes and in the high lakes north of Castle Peak.



Army

DECONTAMINATING AN M-41 TANK after a chemical gas attack during Exercise "MESQUITE DUNE." The seven-day desert training exercise, held at Camp Irwin, California, is one of many scheduled to test the combat readiness of the Strategic Army Corps. The 4th Cavalry tank from Fort Riley, Kansas, is decontaminated by a member of the 50th Chemical Platoon from Fort Ord, California.

PROMOTION ANNOUNCED

A going away dinner for Bob Kisor was given at the Norden residence of Herb and Lena Fredericks last Friday. Twenty guests attended. Bob, a water service foreman with the Southern Pacific at Norden, has been promoted to assistant supervisor at the company's facilities at Roseville. His family will join him at Roseville soon.

WATER RESEARCH

National Forest supervisors from throughout the California region recently gathered at the Central Sierra Snow Laboratory to hear Walt Hopkins from the U.S. Forest Service Experiment station at Berkeley and chief of the watershed research in California, present the present status of research into forest and snow relations in the Central Sierra, and the role of the Snow lab in obtaining increased water yield from forested watersheds. Supervisor Hank Branagh of the Tahoe National Forest was among those attending.

EYE SURGERY

Dennis Hampton, son of Wade and Betty Hampton of Norden is recovering nicely at home following eye surgery at the Mercy Hospital in Sacramento last week.

TODAY'S DICHOE: A thistle is a salad in a burro's mouth.

Donner Visitors—

The George Paras family is sojourning at the family home at Donner Lake until their new house at Sacramento is completed.

The City of Sacramento took its name from Rio del Sacramento explored in 1808 by Lt. Gabriel Moraga, early Spanish explorer.

The tallest redwood tree in Muir Woods National Monument, north of San Francisco, is 250 feet high and 17 feet in diameter.

DONNER DOINGS

By VIRGINIA O'BEAR

Donner Lake has been a very lively place lately. People are coming from all over to enjoy this beautiful vacation land. The weather has been ideal for swimming, water skiing, skin diving and fishing. Many young people have been getting together with their parents and guardians to have beach parties to celebrate school being out. One enjoyable affair was held a week ago for the dancing students of Miss Renee Hall. They met at Donner Memorial State Park and enjoyed a weiner roast with marshmallows and all the trimmings that go with such an occasion.

* * *

Sarah Belle Hooper is up for the summer and is at her summer home near the government tract. Helping her and getting in a little fishing also is her fifteen-year-old grandson, John Euer. These two are from Folsom.

* * *

Mr. and Mrs. Roger Brown made a trip to Bishop last week leaving daughters Carol and Roxanne with their grandmother. The girls will be there until the 4th of July then grandma will bring them home via Greyhound.

* * *

Mr. and Mrs. Edgar Myers have returned to their summer home at the west end of Donner Lake. They spent the winter at 29 Palms and were mighty glad to get back to Donner to see grandson Mike Bonano. The Meyers are parents of Jerie Bonano of Donlac. Also a familiar face around Donlac now is Sam, Tommy's uncle who comes up every summer to help out and be with little Mike.

* * *

Mr. and Mrs. Bob Jones took off for Arizona to visit the Dave Tremaynes after Bob's round in the hospital with pneumonia. Certainly hope that warm Arizona sun will help him recover quickly.

* * *

Eve Popovich has been proudly introducing her parents, Mr. and Mrs. William Affleck to Donner residents this week. They are from Ely, Nevada and will be visiting Eve for a week.

* * *

We probably won't see much of Bert and Arline Johnson this summer as they have opened a new place of business in San Rafael called "Henry's Ol' Place." I wish they would come up though and bring their Thunderbirds. It would be quite colorful to have these youngsters perform in their Indian costumes riding their beautiful horses.

* * *

Our little two-month-old granddaughter, Stephanie Ann, visited with us over the weekend while her mother and dad went fishing. We had an enjoyable time taking pictures and celebrating Father's Day. We can hardly wait until she is a little older so Jim and Andrea will leave her with us for a week or two.

Last Thursday evening the Auxiliary of the Donner Lake Volunteer Fire Department met at the Bird n Bottle. After the delicious dinner was served to approximately 40 members and guests, the business meeting followed. Last minute details were arranged for the success of the annual barbecue which will be July 9, preceding the Donner Lake Regatta scheduled for July 10. The hours will be from 4 to 7 p. m. and a group of firemen will help barbecue the meat. Auxiliary members will prepare and serve the food this year and a large crowd is expected as in the past.

Will you pay $750 for $1000?

You can do it by saving just 63¢ a day for 40 months

Maybe you haven't realized it before, but it takes only 63¢ a day to buy a $25 Savings Bond every month. Keep saving this way for forty months, and at maturity your Bonds will be worth $1,000.

There are two especially good things about this $1,000 nest egg.

You buy it with money you could easily have dribbled away.

It costs you only $750—in easy installments.

Results like these make U.S. Savings Bonds one of the best ways in the world to save. Why don't you start saving now with U.S. Savings Bonds?

SOME ADVANTAGES YOU MIGHT THINK ABOUT

You can save automatically with the Payroll Savings Plan. Tell your company how much to save from your pay for Bonds. This way you won't forget to save and your savings will add up automatically.

You now get 3¾% interest, at maturity. This new rate, which went into effect June 1, 1959, makes your Bond money grow faster. Series E Bonds now mature 14 months earlier than before—in **just 7 years, 9 months.** Bonds bought before June 1, 1959, earn more, too—an extra ½% from then to maturity.

You can get your money, with interest, any time you want it. Bonds are a ready reserve that you can cash any time at any bank. But it pays to keep them.

Your money is guaranteed by the U.S. Government. Bonds are an absolutely riskless investment. The Government promises you that the cash value of your Bond will not drop—it can only grow.

Your money can't be lost or stolen. The Treasury will replace your Bonds, free, if anything happens to them.

You save more than money. You help save the peace with every Bond you buy. Peace costs money—money for science, education, military strength. And the money you save helps keep our nation's economy strong.

Here's how you can reach your savings goal with U.S. Savings Bonds in just 7 years, 9 months

If you want about	$2,500	$5,000	$10,000
each week save	$5.45	$10.85	$21.70

You save more than money with

U.S. Savings Bonds

Buy them where you work or bank

The U.S. Government does not pay for this advertising.

JOAN BRANDON WILL BE FEATURE AT BAL

CRYSTAL BAY—A beautiful and vivacious blonde, entertainer, reccognized as one of the world's greatest mass hypnotist will share the spotlight with one of Hollywood's zaniest comedy acts starting Tuesday, June 28 at Crystal Bay's big Bal Tabarin, the famed casino-club on the north shore of Lake Tahoe.

The hypnotist, Joan Brandon, has mystified audiences throughout the world. She will hypnotize 25 volunteers from the audience at each performance . . . making her act a "must see" as you watch your friends perform antics they'd never dare do except under the spell of this pert, blonde entertainer from New York.

Co-featured in the Bal Tab's new bill are the original Hoosier Hot Shots from Hollywood. This quartet complete with horns, wash board and other exotic instruments are no newcomers to the boards. As stars of the National Barn Dance, Uncle Ezra Show and Paramount movies, their zany skits and songs have regaled audiences for fifteen years. From vaudeville to TV, the Hoosier Hot Shots have "left 'em laughing" in theaters and clubs across the nation.

Also in the Big Bal's luxurious theater-lounge is another comedy gang—Ish Kabibble and His Shy Guys, led by the famed trumpet star of Kay Kyser's Kollege of Musical Knowledge.

Barbecue tickets are now available for just $1.75 for adults, 75 cents for children. See any auxiliary member for your tickets and plan an evening of fun with the Donner Firemen and the Auxiliary. Don't forget the firemen's mid-summer jamboree atfer the barbecue at the beach, it will be held at Donner Lake Lodge. There will be live music from 9 til ? . . .

Summer is a 'swinging in and residents and visitors to the lake are rubbing shoulders with tourists from near and far.

Time magazine recently devoted several columns to Mountaineer Norman Clyde, Old Man of the Sierra, Reaching for 80 years this month, Clyde left his winter base in Big Pine, and headed once again for the uplands. Despite his years, he plans to roam the Sierra indefinitely. He carries a 120 pound pack and works as a guide only long enough to finance his own expeditions and has ben roaming the Sierra since 1931.

Many Tahoe area residents attended the open house of the California Alumni Association's Tahoe Alumni Center last Sunday, after the dedication at noon. Resident Manager Larry Lindsey and his his wife, formerly of Hermosa Beach, greeted guests and proudly exhibited the handsomely designed and furnished facilities. There are 35 rooms for guests, a club room, dining room, big modern kitchen, sundeck and swim pool. Executive Director Richard Erikson and his attractive wife Jan were also hosts, as were Mike Koll, director of education and recreation programs. Young Doug Lindsay gallantly helped serve coffee and cake in the dining room. The Lindsays are staying in Mike Koll's house while building a home in Comstock Acres. Cherry Calhoun of Berkeley presides as chief cook in the kitchen. Assistant Manager Bob Rissell, formerly of Pebble Beach, served as assistant director of Olympic Village during the Games, and liked Tahoe so well he decided to stay. Prior to his Olympic stint, Bob helped to open and manage the Prospectors Village in Oroville.

Among those admiring the Center's faciilties were Mr. and Mrs. C. W. Vernon, the Leonard Burys. the Jack Starratts, the Harold Farrs, Joan Ruhkala, Mrs. E. H. LePire, the Norman C. Andersons of USFS, Truckee; Mr. and Mrs. Jack Holly of Pineland, Julius H. Schroeder, Squaw Valley, Joyce Spitzen, and Mrs. William Briner.

* * *

Glimpsed Naomi McLane, who used to do this stint, zooming along Highway 89 and caught up with her at McBride's Tahoe Tree Co. Naomi and family are up for a week after a year in Oakland. Bob has just finished law exams and Naomi is taking a breather after teaching the seventh,eighth and ninth grades in Oakland.

Naomi told of the recent wedding of her nephew, John M. Wood, former Tahoe-Truckee who attended Tahoe Truckee school, to Pat Halsdon of Auburn, a Sierra College graduate. The couple were married at the Congregational Church in Auburn and will live there. John is with Western Auto Supply.

Some 70 members of the Tahoe Women's Club met at Sunnyside for their annual spring luncheon and installed the new officers: president, Gertrude Wilt; vice president, Irene Grahn; treasurer, Maggie McMahon; corresponding secretary, Mrs. Charles Henrikson; recording secretary, Mrs. Florence Brown. A fashion show of Riviera clothes was presented. Mrs. P. G. Friday of Tahoe Park and Sacramento, was the installing officer. Next meeting, July 7, Smarts, Truckee.

NOTICE OF SALE OF REAL PROPERTY UNDER TRUST DEED

NOTICE IS HEREBY GIVEN by PLACER COUNTY TITLE COMPANY, a corporation Trustee under that certain Deed of Trust bearing date of the 6th day of October, 1959, and found recorded in the office of the County Recorder of the County of Nevada, in Book 269 of Official Records at page 494, said Deed of Trust being made and executed by Frank Roberts and Cosette Roberts, husband and wife, to Placer County Title Company, a corporation, trustee, and Everett H. Davis and Pearl B. Davis, husband and wife, as Joint Tenants, beneficiary, that said Trustee will on the 18th day of July, 1960, at the hour of ten thirty o'clock a. m., of said day, at the main front entrance to the County Court House in Nevada City, California, sell at public auction as provided in said deed of trust and as provided by law, the real property described in said Deed of Trust and more particularly described as follows:

That portion of the southwest quarter of Section 20, township 17 North, Range 14 East, M.D.B.&M., Nevada County, California, described as follows: Beginning at a point on the south line of 100 foot State Highway, from which point the southwest corner of Section 20, Township 17 North, Range 14 East, M.D.B.&M., bears South 32° 01' 26" West 723.64 feet; and running thence along south line of State Highway North 62° 30' East 500 feet to Highway concrete monument; thence at right angles to State Highway South 27° 30' East 200 feet; thence South 62° 30' West 500 feet; thence North 27° 30' West 200 feet to the point of beginning.

EXCEPTING THEREFROM the parcel of land described in the deed executed by Everett H. Davis et ux to Ernest Tschopp et ux, dated July 22, 1950, recorded August 12, 1950, in Book 154, Page 35, Official Records, described as follows: Commencing at the southwest corner of Section 20, Township 17 North, Range 14 East, M.D.B.&M., and running thence North 32° 01' 26" East 723.64 feet; thence North 62° 30' East 93.00 feet to the northwest corner of the parcel described hereby, the true point of beginning and running thence along the south line of State Highway North 62° 30' East 150.00 feet; thence South 27° 30' East 95.00 feet; thence South 62° 30' West 150.00 feet; thence North 27° 30' West 95.00 feet to the point of beginning.

ALSO EXCEPTING THEREFROM that portion thereof described as follows: Commencing at the southwest corner of Section 20, Township 17 North, Range 8 East, M.D.B.&M., thence North 32° 01' 26" East 723.64 feet to the northwesterly corner of the parcel to be described hereby, the true point of beginning; thence along the sotuherly line of State Highway, North 62° 30' East 93 feet; thence South 27° 30' East 95 feet; thence South 62° 30' West 93 feet; thence North 27° 30' West 95 feet to the true point of beginning.

That said sale will be made for cash, legal tender of the United States, to the highest bidder, the full amount of the purchase price to be paid at the time of the bid.

NOTICE IS FURTHER GIVEN that default was made under said Deed of Trust; the notice of default and of election to cause the property to be sold was filed in the Office of the County Recorder of Nevada County on the 7th day of March, 1960, and is of record in Book 275 of Official Records at page 448, and that more than three months have elapsed since the filing of said notice of default and that the defaults under the said Deed of Trust still continue.

Dated: June 10, 1960.

Universal availability of the healing and saving power of the Christ, Truth, will be a theme dealt with at Christian Science services Sunday.
The account of Christ Jesus' healing of woman "which had a spirit of infirmity eighteen years, and was bowed together, and could in no wise lift up herself" (Luke 13) will be included in the Bible readings. "Christian Science" will be the subject of the Lesson-Sermon.
A citation to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (495:2) "Truth casts out error now as surely as it did nineteen centuries ago. All of Truth is not understood; hence its healing power is not fully demonstrated."
The universal nature of divine power is also brought out in the Golden Text to be read from Isaiah (52:10): "The Lord hath made bare his holy arm in the eyes of all the nations; and all the ends of the earth shall see the salvation of our FGod."

The Western larch is identified by its reddish brown bark and needles arranged in clusters of 14 to 30, one to two inches long.

BRIGHTER PICTURE FOR OLYMPIC BILLS

SACRAMENTO—It looks like the Squaw Valley Winter Olympics can wind up its affairs without asking for more tax money, Deputy Finance Officer T. H. Mugford said.

"There's not going to be any profit, that's for sure," Mugford said after going over accounts with the Olympics Commission Organizing Committee.

The state contributed about nine million dollars to the staging of the games last February. The final million was a "snowy day fund" to prevent deficit in case severe weather held down the crowds.

No severe weather developed, but it appears the games will need the million dollars to put its books in balance.

Mugford said it appears that all private creditors can be paid, but the state will have to accept equipment in payment for some outlays. Part of the equipment was donated by private firms.

An attorney general's ruling is awaited on whether the Olympic Commission's funds can be used to pay some outstanding bills of the Olympic Organizing Committee.

Mugford said the legislature may be asked to approve acceptance of the used equipment in payment for money due the state.

Flower raising in the San Francisco bay area is a year-round industry with an annual valuation of about $25 million.

Sally Griffiths and Charles Curtis Towle, Jr., will be married Friday at the Episcopal Church of St. Mary the Virgin in San Francisco. Sally, daughter of the James W. Griffiths, and Charles will greet wedding guests afterward at a reception at the home of her aunt and uncle, Mr. and Mrs. Edward Griffiths.

Forest grave yard—here lie the remains of thousands of forest trees that should have been used to build new homes, schools, churches, or factories. Each year the timber destroyed by carelessly started forest fires would build homes for a small city. In a rapidly growing America, we can not afford this shameful and unnecessary waste. Please help prevent forest fires. This message sponsored by:

NORTH TAHOE

By JUDGE HARRY CHARRISON

WEATHER

Sunday morning, delightful weather, golf course full up. The greens are the best ever.

NORTH SHORE

Sure nice to be welcomed by Jimmie Hume and Eddie Dillon when you enter the spacious and beautiful building.

PASSING

Sorry to hear of the passing of the mother of Sophie Medema. She had been very ill for a long time. Also, Mr. Ross, husband of Mrs. Ross, waitress at the North Shore Club. They were neighbors of ours on Brassie Ave. We hear that Madeline Hord, postmistress of Johannesberg, is quite sick. We are hoping for her ultimate recovery. She has been a friend of our for many years.

BASEBALL

L. J. and Craig Robinson were enlisted to play for the Verdi ball team. Do you know I have never seen either of these expert ballplayers yet. They went all the way to Lovelock and beat them 32 to 3. Craig hit a home run and L. J. hit a triple. I am still hoping to see them play one day.

COURT

Norman Hellman of Tahoe Park was arrested for dumping garbage in state garbage cans. This is a misdemeanor, just about the same as litterbug. The violation is being set pretty high when the violators appear in court.

NEW HOME

Gwen and myself are still waiting for the new court house to open. We hope it will happen after six months of promises by the supervisors of Placer County.

DEPUTY CONSTABLE JOB IS ABOLISHED

AUBURN—The board of supervisors abolished the position of deputy constable at Lake Tahoe, effective June 14. The action was taken on a motion by Frank Paoli, seconded by L. L. Anderson.

The post was held by Harry Johanson of Tahoe City. Johanson was recently notified by Constable Richard Lavery that his appointment was revoked.

Johanson will take over the position of constable next January as a result of his election in the June primary.

PORCUPINE DRIVE IS PLANNED BY SERVICE

The Truckee District of the Tahoe National Forest has just completed a porcupine damage appraisal and control program in the Truckee District.

Eddie Fischer and Bruce Arigoni were the two-man crew that did porcupine control work in the Hobart Mills, Sagehen Creek, Little Truckee, Klondike and Stock Drive Areas. These men made a damage cruise on 4,980 acres.

Damage from porcupines ran from $58 per acre in the Little Truckee Area, to $100 per acre up Prosser Creek. This crew also covered some 16,000 acres in scouting for porcupine roost trees.

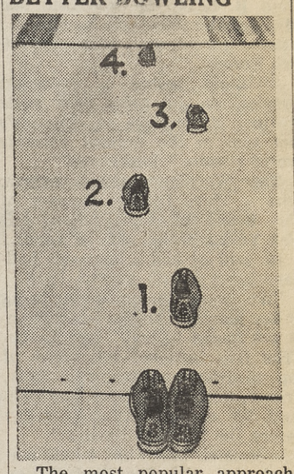
These roost trees are special trees to the porcupines as they revisit these trees from time to time to rest and sun themselves. Poison bait blocks were put in eight such roost trees. Already, after checking one roost tree, one poisoned porky was found.

It is estimated that one adult porcupine can do as much as $300 damage to young timber trees in one year by girdling and killing tops of pine trees. Porcupines have only two natural enemies coyotes and man; therefore the U. S. Forest Service puts on a control program. This is the time of year porkies are seen along roads and meadows, so all can help control the spiney tree eater by killing the ones you see.

STRIKES & SPARES

BY JOE WILMAN

TRY THE FOUR-STEP WAY TO BETTER BOWLING



The most popular approach today is of course, the four-step approach; start with that one if you're just beginning to bowl. Today's illustration shows the proper steps and their length.

If your legs are short and you have trouble building up proper momentum with four steps, you might try five steps.

There are exceptions, but let's stick to the popular four-step approach.

Your first step is a short one with the right foot, to get your body in motion.

The second step with the left foot should be a bit longer than the first, but not quite a normal stride.

The third step is with the right foot and should be a normal stride for you as your body momentum has increased.

The four and final step on the left foot begins as a step and becomes a slide as you release the ball. This slide reduces the body's momentum gradually and brings you to a smooth, balanced stop.

LEAKE RETURNS AS EUROPE TRIP ENDS

SACRAMENTO — Terming himself "no 90-day pundit, but a newspaperman lucky enough to be at the right place at the right time," Paul R. Leake of Woodland and Mrs. Leake returned to Sacramento after a three-month tour of Western Europe.

"Without posing as overnight oracles, we did bring back some distinct impressions on America's hot spot in the present volcanic world climate," Leake said

The Woodland newspaperman, who is Third District member of the Board of Equalization, left Nek York with his wife in April.

He said he had a busman's holiday.

"We were fortunate in being at key points when the international pot began to boil," said Leake. "The trip included interviews of top government officials in Italy, France, Germany, Ireland and England. We arrived in Paris the day before the Summit disaster."

In Ireland, Leake had a long personal visit with President Eamon De Valera, who gave the story to the Irish press about the visit.

The tour took the Leakes to major cities of 13 Western Europe nations including Spain, Italy, Austria, Switzerland, France, England, Scotland, Ireland, Holland, Germany and the Scandinavian countries.

Commenting on the aftermath of what he called "Khrushchev's handsprings and attacks of foaming at the mouth," Leake said:

"The fiendish nature of Khrushchev's attacks backfired in every nation in Western Europe. It should be clear to all that the Soviet leader is a slanderer, utterly irresponsible, and lacking in dignity and veracity. His boomerang—at least temporarily—helped the cause of the United States.

"But we, too, have lost face to a degree unprecedented in our history. The mishandling of the spy plane incident should alert Americans to the vast peril inherent in uncoordinated actions by the Pentagon, the state department and other federal agencies. The latest events in Japan again dramatize our need for a more effective foreign policy.

"But we can still make lemonade out of these sour lemons if we correct past mistakes—and continue tightening the bonds among NATO nations.

American tourists, who are breaking all travel records in Europe, find a friendly and cordial receptions in most nations, Leake said. He singled France out as an exception.

TRAILER TOWERS ARE ADVISED OF RULES

Sergeant Frank Snyder, officer in charge of the California Highway Patrol's Truckee substation, cautions boat owners who tow their boats over public roads to be sure they have the proper turn signals and other safety requirements on their cars and trailers.

"California law requires trailers carrying loads that extend 24 inches or more to the left of the center of the steering wheel of the towing vehicle to be equipped with either signal lamps or an approved mechanical signal device," Snyder said.

"Other equipment required on trailers includes one red tail lamp, a license plate lamp, one red reflector and a stop lamp. Two tail lamps and two stop lamps are required on trailers first registered after January 1, 1958. In addition, the towing vehicle must be equipped with a mirror reflecting a view of the highway 200 feet to the rear."

Sergeant Snyder emphasized that trailer hitches must be properly and securely attached, with a legal safety chain to control the trailer if the hitch should fail.

"Finally, I want to remind every trailer owner that the maximum legal speed while towing a trailer of any kind is 45 miles an hour," Snyder declared.

The Salinas valley, south of San Francisco, is the "nation's lettuce bowl," production averaging about one million tons annually.

Improvements At Hospital Are Made

The Tahoe Forest Hospital was recently inspected by the state fire marshal to determine if the structure met minimum requirements of the California State Health and Safety Code. The inspection resulted in several recommendations being made to insure the fire and life safety of the patients in the hospital.

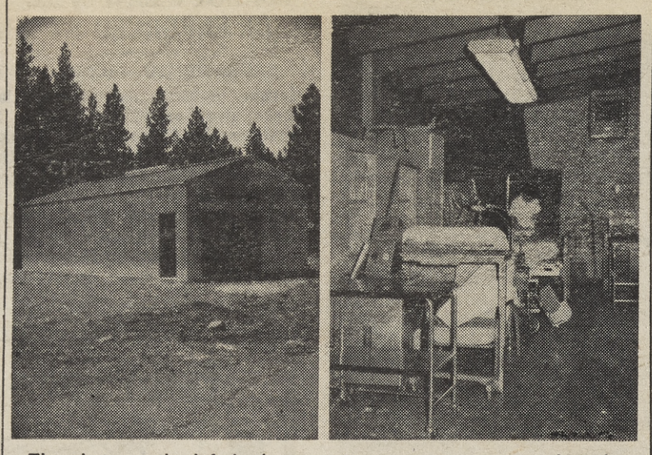
One of the recommendations made by the fire marshal concerned the building of additional storage facilities. The report said in part, "The exit corridor at the end of the north wing (sun porch) should be maintined free and clear of all storage. NOTE: If there is a lack of storage space, it is suggested that a separate building be constructed for this purpose. The building should be located at least 20 feet from any building on the premises."

To comply wth this recommendation and to insure the safety of the patients in the hospital, the board of directors have had a separate storage building constructed at the rear of the present facility. The new storage building was opened for use this week. The accompanying photo shows the new building which will be used solely for the storage of supplies, equipment, material and records. The additional space will correct the crowded conditions of the sun porch shown in the photo.

John J. McGlade, administrator of the hospital, said "This new building will greatly relieve a very serious situation that has arisen in the hospital. Fire is one hazard we want to avoid at all costs. Fortunately the board of directors were able to provide the money for the storage building out of operating income, which means the new facilities were built at no additional cost to the taxpayers. The reduced costs of the building were made possible by the generosity of the Vind Brothers who built the forms for the foundation and slab, the Clement Rock Products Company who donated the concrete for the foundation and slab, and the Shane Brothers who donated the use of the transit ready-mix trucks to transport the concrete for the job. All of us are indebted to these firms for their help and cooperation."

The other recommendations made by the state fire marshal require that structural changes be made in the hospital building. The board of directors have these recommendations under consideration and are trying to find means whereby these changes may be made at the least possible cost. Architects have been consulted and asked to survey the needs of the hospital and to make recommendations.

IMPROVEMENTS AT HOSPITAL



The photo on the left is the new storage room constructed at the Tahoe Forest Hospital to relieve crowded conditions such as that on the porch seen at the right. This is one improvement made at no expense to the taxpayers and was a recommendation of the state fire marshal's office. Much of the work was done through donations by local firms.

BUDGET IS SET FOR OPERATING COLLEGE

Sierra College trustees have adopted a preliminary budget of $710,000 for the fiscal year 1960-61, which will result in a tax rate of 35 cents on the $100 assessed valuation, plus one cent for retirement contributions.

Last year's rate was 35 cents plus 2 cents for retirement.

The board is scheduled to meet in Auburn July 1 at 11 a. m. for re-organization for the coming year.

Three of the seven major life zones in the plant world are found in Bryce Canyon National Park.

Telephones

Continued from Page 1

saved equipment and the circuits while operators worked in the smoke-filled office to handle calls.

What was considered a telephone milestone, laying of the first cable on the floor of Emerald Bay, was completed in 1923. It permitted year-round communication with the south end of Lake Tahoe.

The telephone actually was firmly established in Truckee long before the exchange was put into operation.

One of the earliest private lines in the history of the telephone was operating as early as September, 1878, between the then palatial Grand Hotel and Tahoe City.

In 1879, Bell telephones were in use at F. Burckhalter's store and the office of W. M. Watson, railroad roadmaster. Lines were strung to logging camps and Sierraville.

In 1899, newspaper headlines read: "Truckee Now Has Telephonic Communications with the Outside World." That was when Truckee was connected with the Sunset line at Sierraville.

The Sunset Company used William Rapp's drug store in the Curless Building for its first office in Truckee. The exchange served 40 subscribers. Early operators were Katie O'Neill and Etta Sackett.

The office was moved several times to keep up with growth in ensuing years. A dial office was established in March, 1938. Today, 883 phones are served by the exchange.

BRINER IS WINNER AS COUNT IS OFFICIAL

AUBURN — William Briner emerged the winner in the District 5 supervisor race by a majority of 45 votes, unofficial returns from the office of County Clerk Lillian Rechenmacher show.

Briner polled 26 absentee votes to bring his total to 547. L. L. Anderson polled 13 absentee votes to bring his total to 502.

In the District 4 supervisor race, Frank Paoli maintained his lead over the combined total of his two opponents.

Paoli polled 92 absentee votes for a total of 1,285. Merlin Lay polled 33 absentees to bring his total to 810, and Richard Ballenger polled 43 absentees to bring his total to 405.

Paoli has a lead of 70 votes over his two opponents to confirm his election.

HORSE RIDE AT LAKE IS SET FOR AUG. 6TH

AUBURN—The annual Tevis Cup 100 mile one day ride from Lake Tahoe to Auburn is scheduled for August 6.

A spokesman for Western States Trail Ride, Inc., sponsors of the event, said riders from Austria and Mexico have indicated they will enter the competition.

Riders will assembly at the Tahoe City post office at 4:45 a. m. on August 6, following a rigid examination of each animal by a veterinarian. All horses will carry a minimum of 150 pounds.

The riders will cover old Pony Express trails en route to Auburn and the horses will be examined at three check stations before reaching Auburn.

Presentation of awards, which include the Tevis Cup and buckle awards, will be made at the trail riders' dinner at 5 p. m. on August 7 at the Auburn Fair ground.

FORESTERS ATTEND TRAINING CLASSES

A training school for the U. S. Forest Service crews was conducted at the forest service station here Wednesday and yesterday by Emery McCarroll, foreman of the local suppression crew and veteran Patrolman Al Silva. The ten or 12 men in the crew were given latest information on combating forest fires.

COMMITTE SUED

AUBURN—Baxter F. Eskew has filed a $25,000 damage action in the Placer County Superior Court against the Organizing Committee of the Winter Olympic Games and Mr. and Mrs. Wayne Poulsen. He charges in a complaint the defendants were negligent in maintaining public grounds at Squaw Valley causing the plaintiff to fall and be injured on February 21.

DATE CHANGED

Officials of the department of employment will not be here on Monday, July 4, the regular scheduled day for the Truckee visit, but will be here the following day, Tuesday, July 5.

"Ballarat," an Australian aboriginal word, means "resting place."

PALO ALTO COUPLE WED AT LAKE RITE

BROCKWAY—On Saturday, June 18, a very pretty wedding was solemnized at the home of Wayne and Mrs. Crumb. Barbara Joan Morgan of Palo Alto became the wife of Michael Joseph Serno also of Palo Alto. Barbara is the granddaughter of Mrs. Crumb. Rubin Robles acted as best man, while Sharon Morgan was maid of honor. The bride was given away by Wayne Crumb.

Others present were John Holbrook, the great grandfather, Penny Fisher, aunt of the bride, Lee and Thelma Laster great aunt and uncle, also of Elsinor, Bill Dugan and Bernita Jones who obliged by taking several "flash pics" after the ceremony.

The Crumb's home was beautifully decorated with gladiolis and carnations. After the ceremony, performed by Judge Harry Charrison, the party attended a reception at the Crystal Bay Club where fun and dancing was the order of the afternoon.
